## PROFESSIONAL SUMMARY

Results-driven IT professional with experience in digital and web development, delivering reliable system-driven solutions and data-focused applications. Adaptable, technically proficient, and effective in collaborative, fast-paced environments.

## PROFESSIONAL EXPERIENCE

### Freelance Developer

May 2023 - Present

Renly Web Solutions

- Developed responsive Next.js websites and reusable UI components.
- Implemented CRUD functionality using Firebase and MongoDB, ensuring smooth data management.
- Designed UI/UX mockups and prototypes for client projects, focusing on usability and aesthetics.
- Managed deployment and version control using Git and hosted applications on modern platforms.

### Business Unit Planner

Oct 2024 - March 2025

SanMiguel Integrated Logistics Services Inc.

- Develop and manage demand and supply plans to meet customer service levels and business goals.
- Perform daily transactions using SAP (e.g., goods receipt, stock transfers, invoice processing, purchase order creation, etc.)
- Generate and analyze reports from SAP for operational and management use
- Collaborate with cross-functional teams (purchasing, warehouse, finance, etc.) to ensure smooth workflow and resolve SAP-related issues

### IT Support Intern

Oct 2023 - Feb 2024

Macro Wiring Technologies Co. Inc | Rosario, Cavite

- Assisted in troubleshooting hardware, software, and network-related issues across departments
- Provided technical support to employees and ensured proper documentation of resolved issues
- Participated in system maintenance tasks, including software updates and backups
- Collaborated with teams to understand design requirements and deliver outputs on time

### Independent / Freelance Experience (Lead Programmer)

Feb 2023 – April 2024

AG Software Solutions

- Developed responsive and user-focused web pages using modern tools like HTML, CSS, JavaScript, and Bootstrap
- Took design concepts from idea to execution, ensuring the interface was both clean and functional
- Tested and refined front-end code to work smoothly across various browsers and device sizes
- Managed time effectively to meet deadlines without compromising the quality of the final output
- Offered clients easy-to-follow guidance and support for navigating and maintaining their web solutions

## EDUCATION
